CITY
NEWS**

Returns to C. Q.—Mr. Twomey, who
was called to Tucson some time ago
on the death of his wife, has returned
to this city to resume his old position
with the Copper Queen as a miner.

Venison in Plenty.—Half a dozen
deer received Sunday won considerable
attention at the Tovera market.
The game appeared in fine condition
and should afford toothsome eating.

Coming in to Vote.—Quite a number
of Bisbeeites who have left temporarily
for other camps, are expected in to-
day to cast their votes, following which
they will return to their new locations.

Visited Cananea.—Mrs. Stephen
Aguirre and Miss Wood, the latter of
the Bisbee corps of school teachers,
visited Cananea Sunday, spending the
day in that very handsome mining
town.

City Attorney Back.—City Attorney
Sutter and Mrs. Sutter returned last
evening from a visit at El Paso. Mr.
Sutter was called to that city Wed-
nesday of last week on professional
business.

To Masonic Lodge.—Delegates to
the Masonic Grand Lodge, which will
meet at Tucson November 15, can go
and return from this city for a fare
and a fifth. Announcement to that
effect is made by the E. P. & S. W.

Bitten by Horse.—A seven-year-old
boy named Kelso was bitten yester-
day while teasing the horse. A strip
of flesh six inches long was torn from
the arm of the boy. Though exceed-
ingly painful the injury inflicted is not
considered to be serious.

Enjoyed Concert.—The concert given
Sunday evening at the Copper Queen
parlors was much enjoyed by a large
number of guests of the hotel, who
came expressly to hear the program
rendered by Messrs. Newman and
Guth in their most excellent manner.

Barnes Visits Greene.—Judge Wm.
Barnes, of Tucson was among the pas-
sengers to Cananea Sunday. He went
there on invitation from Col. Greene, a
close personal friend, for an interview.
Judge Barnes will probably return to-
day to Tucson, in company with Col.
Greene.

Col. Greene Will Vote.—Col. W. C.
Greene, of the Greene Consolidated,
will come to Naco today from Cananea
to cast the vote he is entitled to as a
resident of Arizona. From Naco Col.
Greene will go to Tucson, it is said, to
transact important business related to
Arizona interests.

Congested Suburb.—Recent rapid
building at Lowell has brought a dis-
tinctly Bisbee look to that thriving
suburb. This by reason of the crowd-
ing together of houses that limited
building space, under existing condi-
tions, makes requisite. Many of the
houses lately built stand no more than
25 feet apart and present a poser to
the fire insurance agent that is rapid-
ly growing as suburbs in the matter
of rates as that he finds to contend
with in the city proper.

Back to Tucson.—Mrs. W. S. Read
was a passenger back to Tucson yester-
day, following a visit to her hus-
band, a well known business man in
the Cananea Camp.

At Cananea.—Frank Hereford, the
well known Tucson attorney, stopped
in the city Sunday on a brief business
visit preliminary to going to Cananea
on an important professional visit. Mr.
Hereford expected to remain at Cana-
nea until this morning, when he antici-
pated returning to Tucson to cast his
vote.

Get Another Boiler.—W. R. Thur-
ston, traveling representative of the
Mine & Smelter Supply Co., left
last evening following a visit on
when he disposed of a 250 horse power
boiler to the C. & A. Immediate
delivery is to be made and the big
boiler added to the power of the com-
pany at the earliest possible date.

From Sister's Funeral.—J. H. Howe
returned to the city last evening from
Wilkesbarre, Pa., where he was called
in August by the illness of his sister.
The latter, after a lingering illness
covering more than two months, died.
Mr. Howe was compelled to remain
some time longer because of the set-
tlement of an estate.

Takes Boarding House.—O. S. Smith,
an old timer in Arizona, who is widely
known and popular in Bisbee, has set-
tled at Cananea. He recently took
charge of the new concentrator board-
ing house at that city. His famili-
arity with the requirements of mining
camps in the boarding house line is as-
surance that the concentrator folks at
Cananea will get the best to be had.

Excursion Rates to Bisbee.—On ac-
count of the meeting of the Federa-
tion of Women's clubs of Arizona,
to be held in this city on the 16th,
17th and 18th of this month, the E.
P. & S. W. has made a rate of one
fare for the round trip for delegates
to the Federation gathering from all
points on its line. Decreased rates
will also be made for delegates by
all other roads in the Territory.

Rates to El Paso.—On account of
the Irrigation Congress to be held at
El Paso on the 15th, 16th, 17th and
18th of this month, the E. P. & S. W.
announces a rate of \$8.10 for the
round trip from Bisbee. This is at
the rate of two-thirds of one fare
which will prevail from all points on
the road. The rate is open to all
who want to make the trip, no dele-
gate's certificate being necessary to
get the cheap ride.

Mother Critically Ill.—Mrs. Arthur
Harris was summoned from the city
last evening by a telegram announcing
the critical illness of her mother, at
Abilene, Tex. The sick woman is 82
years of age. The illness she is suffer-
ing is typhoid fever, and owing to her
advanced years little hope is entertain-
ed for her recovery, the telegram re-
ceived by Mrs. Harris having stated
that it was not believed the opportu-
nity of death would be a matter of more
than a few days.

Voting Places.—Some confusion is
reported as to the places of voting
today. As stated in the Review Sun-
day morning, there will be at Pythian
hall, on the lower floor in the room
recently occupied by the Corning
restaurant, and at Raub's shop in
Tombstone canyon. Voters residing
on the upper side of Brewery Gulch
will vote at the Raub shop. Those
residing on the lower side of the
Gulch, which includes voters at and
below Lowell, will vote at Pythian
hall.

Saloons Closed.—People who walk
up to the front doors of saloons today
with the usual assurance that a push
will put them inside in close commu-
nication with something wet, will find
themselves up against a disappoint-
ment. The law provides that saloons
shall be closed on election days, and
this is one of them. Opening will
occur when the polls close at 6 P.
M.

Judge Richardson.—Judge Douglas, was
a visitor in the city Saturday night
and Sunday. The Judge is one of
the stoutest as well as ablest of the
Smelter City's advocates at home
and abroad and though he had to ad-
mit that the big town of Bisbee dis-
played a little more life at this time
than his own city he was quick to de-
clare that positions would change in
due course of time.

Extension Finished.—The extension
of track to the end of the E. P. & S.
W. depot grounds on the Main street
side was finished yesterday afternoon
and passenger trains are now run-
ning to the end of the extension. The
change makes it possible for coaches
to be put much more conveniently
for the accommodation of the travel-
ing public when it gets together at
the depot for a trip out of town.

Baggage Master Hunts.—Baggage
Master R. H. Smith, of the E. P. &
S. W. depot, and J. A. Farmer were
hunters held on the San Pedro Sunday.
As a result of their wanderings in the
lowlands they brought back fourteen
fine ducks. The information was also
conveyed by the hunters that the
shooting in the valley is excellent.
While a good many have sought the
field with successful results they have
in no wise frightened game from the
excellent cover the river country af-
fords.

To Do Assessment.—John Ferguson
leaves today for Douglas, where he
goes to do assessment work on a group
of copper and gold claims he has un-
der location. The claims are seven in
number. Mr. Ferguson intends to sink
a shaft from the bottom of a twenty-
foot hole he has already put down,
and do all the work for the claims in
one place. The shaft goes down with
the vein, and if it continues to show
as well as it has so far, the owner has
arrangements completed to proceed
steadily with development work.

New Stamping Machine.—A new
stamping machine has been received at
the post office. It is a high speed ma-
chine, capable of handling many times
over the same number of pieces that
it was possible to dispose of with the old
hand stamp. Installation of the ma-
chine was made absolutely necessary
by the large increase in the amount
of business at the Bisbee office. This
business is growing steadily, and at
the present rate will soon compel still
further additions to the office force
than those that have been made in re-
cent months.

For His Health.—Treasurer J. H.
Campbell, of the Cananea Consolida-
ted Copper company, accompanied by
Mrs. Campbell, came to the city Sunday
evening from Cananea. Mr. Campbell's
stop here was merely one enroute
to Southern California. He left for
that section yesterday, expecting to re-
cuperate from ill health he has been
suffering for some weeks. Mrs.
Campbell did not go through to Cal-
ifornia with her husband, returning to
their home at Cananea from this city
yesterday morning.

Carriages for Them.—Lowell voters
will ride to the polls today. That is,
they will unless they have an over-
powering predilection for walking, for
there will be carriages in abundance
to haul eagerly and gladly all the peo-
ple of the lower end of the precinct
to the voting place at Pythian hall
who will permit themselves to be
taken aboard and brought to town.
All the candidates will be glad to em-
brace the opportunity to bring the
various voters to the city, on the
chance of a return favor in the shape
of a vote.

Postponement.—The Bisbee Gymna-
sium Club dance has been postponed
from this evening until next Tuesday
evening on account of the election.

Back to Vote.—James Douglas, super-
intendent at Nacozari, is expected to
return from a business trip to New
York today to cast his vote at Douglas
where he is registered.

Dr. Schell Here.—Dr. Schell, of Tuc-
son, Arizona's leading optician, is now
at Copper Queen Hotel on his regular
quarterly visit. Don't neglect this op-
portunity to have your eyes fitted free
by an expert.

Says It Was Incorrect.—L. Rosen-
stein, proprietor of the Uncle Sam
paw shop on Main street, stated yester-
day that the report was incorrect
that he had arranged to lease his busi-
ness place and start a new house.

Prohibition Candidate.—A. Gibson,
prohibition candidate for Delegate to
Congress, spent Sunday in this city.
From here he went to Tombstone.
Though not expecting election, Mr.
Gibson said he had been filling his part
as a candidate and thought his vote
would show a gain in the prohibition
strength in the territory.

Meeting at Tucson.—Attorney Ben
Gondrich and Martin Costello, the well
known Tombstone mining man, were
passengers out of the city yesterday
for Tucson. Col. W. C. Greene,
Judge Barnes and others of promi-
nence in industrial affairs of the Ter-
ritory and Sonora go to Tucson today.
The gathering is believed to signify
that business of importance is on the
 tapis in which the gentlemen will par-
ticipate collectively.

Kratz Still at Cananea.—Captain
Rynning, of the rangers, was through
the city on his way to Douglas last
evening from Cananea. He went
there with Officer Gibson, of San
Francisco, detailed from that city to
get A. A. Kratz, wanted for embez-
zlement. Kratz will probably not be
brought out for several days, Captain
Rynning said last night. This is be-
cause of the formalities that are
necessary between the U. S. govern-
ment and Mexico before custody can
be given up by the latter of Kratz.

Radovich Funeral.—The funeral of
Chris Radovich occurred Sunday at
Douglas. One of his sons, James, of
Rollo, Mo., was in attendance. His
other sons were unable to reach Doug-
las in time for the funeral. A brother
from California was the only other re-
lative present. The deceased left con-
siderable property at Douglas valued
at \$12,000. With money on deposit
and property interests he held here,
the value of the estate will probably
reach close to \$100,000. This will go
to the two sons left by the deceased.

Wires Bothered Them.—The net-
work of wires of various kind, but
all charged with electric currents,
leading out of town through the E. P.
& S. W. city yard has been making
trouble for the E. P. & S. W. pile
driving crew since it came to the yard
for work last week. Incidentally the
crew has been making some trouble
for the people operating the wires.
The difficulties experienced on both
sides are attributable to the tall der-
rick structure on the pile driver,
which unfortunately has not been
able to shrink sufficiently, as occa-
sion required, to let itself under the
wires without getting into a snarl
with the bunch. No serious trouble
has yet been made but all parties in-
terested will feel better when the
pile driving outfit relieves the situation
by getting out of town.

W. H. Brophy and E. B. Mason were
among Bisbee people who visited Naco
Sunday.

Mr. and Mrs. J. E. Thompson and
son spent Sunday visiting Naco.

Henry Aiken returned last evening
from Ireland, where he has been vis-
iting for the past three months.
